9 NOVEMBER / FINOS MEMBER ONLY MEETING*
10 NOVEMBER / FULL OSSF CONFERENCE

*What is the difference between the half day Member Meeting and the full day OSSF? The Member Meeting is open to FINOS members only and is a slightly more informal event with a greater focus on interactive discussions, such as roundtables, project meetings and demos. OSSF is a one-day conference open to all (and free for FINOS members to attend) that brings together experts across financial services, technology and open source to deepen collaboration and drive innovation in the financial services industry. If you are an employee of a FINOS member we suggest you attend both!
