HYPERLEDGER FOUNDATION
Member Benefits 2022
Why Membership?

Hyperledger Foundation is building a worldwide community around thriving software.

The organizations involved want to ensure the success of Hyperledger business blockchain technologies, because they are building products, services and solutions on top of our code bases that are critical to their lines of business.

✓ Network with other members
✓ Support the community by helping fund services that Hyperledger-hosted projects rely on
✓ Demonstrate thought leadership in the enterprise space
✓ Raise awareness of Hyperledger projects so they can quickly reach critical mass
✓ Be part of defining and maintaining the technologies that are at the forefront of the industry

Exclusive invitation
to promote your Hyperledger based solutions through our 100+ worldwide meetups (remote presentations, discussions and introductions with our open source community)

Members-only calls
(legal and marketing), and annual Hyperledger member summit where you can connect with the key business and technical thought leaders in blockchain

Unite with leaders
in finance, banking, manufacturing, technology, IoT, and supply chains to transform business transactions.
Hyperledger Member Summit 2020
September 10 - 11
Virtual

Why are we here?

Networking
To connect, to learn, to share insights, and to grow projects faster.

Education
To learn from each other’s experiences, challenges, and lessons learned.

Community
To contribute to and influence Hyperledger and related technologies. "What you give away, you get back.""}

Attendee testimonials

“The opportunity to meet all global members in a single place and connect with them is priceless.”

“The Member Summit is a great way to talk to other people involved in Hyperledger to both figure out how you can be using blockchain better and to influence Hyperledger as a whole.”

“Experience was excellent! A great summit to educate, participate and influence the next evolution in permissioned blockchain technology.”

Members have access to the Member Summit Report and session recordings and notes (click on image)
Membership Benefits: Collaboration

Work with our staff to find the right partners from our exclusive group of 200+ Hyperledger members to create cutting edge blockchain solutions.

Apply existing frameworks to industry specific use cases through working groups and collaborate with partners on finding novel topics for Blockchain.

Facilitate interoperability between Hyperledger projects to tackle new use cases.
Hyperledger Member Portal

Here you will have access to:

1. Marketing resources and documents
   Member-only reports
2. Make announcements, share news
3. Reach out to other members
4. Review videos, takeaways, SWOT analysis and proposals for action from our Annual Member Summits
Open Source Leadership from The Linux Foundation

Recruiting Developers
Learn how companies can recruit developers, or build internal talent, by creating an open source culture and contributing to open source projects.

Creating an Open Source Program
Learn how to establish a program to manage internal open source use and external contributions.

Leverage best practices for running an open source program office, starting an open source project in your organization, recruiting developers and legal leadership.
Telling our Members’ Stories: Marketing & PR Benefits
Marketing & PR: Ways to Engage with Us

- News Sharing & Promotion
- Press & Analyst Opportunities
- Content Creation & Publishing
- Events & Speakers Bureau
Membership Benefits: PR

- Thought leadership quote and company description in press release announcing membership
- Cross-promotion of your blockchain PoCs and announcements on Hyperledger’s social channels and in contributed blog posts on our high traffic blog
- Opportunities to speak on behalf of Hyperledger Foundation and your organization at trade shows, roundtables and in media interviews and analyst briefings
Hyperledger Announces Seven New Members, Including Siemens, IDeon and ROOTCHAIN

Readies for Annual Member Summit with New Leadership and Focus on Growing, Global Base of Deployments

SAIN FRANCISCO, Oct. 14, 2021 /PRNewswire/ -- (Hyperledger), an open source collaborative effort created to advance cross-industry blockchain technologies, today announced that seven new members have joined the multi-venture, multi-stakeholder effort hosted at the Linux Foundation. The line-up of organizations joining Hyperledger includes Siemens, IDeon and ROOTCHAIN. They join as Daniela Renesio assumes the position of Executive Director of Hyperledger as part of her new role as the Linux Foundation's General Manager, Blockchain, Healthcare and Identity.
Access press interviews and in-depth reports
Share your technical capabilities and solutions
Member-only Case Study Program

The purpose of the Case Study is to tell end user stories about the successful use of Hyperledger technologies to solve business problems.

The case studies are presented on the Hyperledger website as a resource for companies that are considering adopting these technologies.

Post production promotion can include home page promotion, social media, newsletters, etc.

See Sample Case Studies Here
Member Webinar Program

Content Creation & Publishing
Promote your thought leadership
Events with Hyperledger

Hyperledger Foundation sponsors global events provide an opportunity for members to share their products and services under the Hyperledger brand including:

- Demo and Presentations at Booth Theaters
- Social promotion including event social cards promoting member sessions
- Ability to Volunteer at booth during exhibitor hours
- Participation in other event sponsored activities (Happy Hours, Dinners etc.).
Hyperledger Speakers Bureau

Participants represent leading technical and business leaders from the Hyperledger community.

They are available to speak on behalf of Hyperledger Foundation at both public and private industry events on topics ranging from project overviews and updates, to blockchain 101 or technical deep dives.

This invitation-only position ensures that exceptional Hyperledger speakers are available for as many conferences as possible and Member companies can provide public leadership in our community.

www.hyperledger.org/participate/speakersbureau
Membership Benefits: Marketing

Prominent brand placement with your company logo on our member roster page.

Members’ blockchain products or services built with Hyperledger get featured on our Vendor Directory and Deployment Tracker.

Exposure through Hyperledger hosted demos at tradeshows and inclusion in white papers, case studies and videos.
Member Only Vendor Directory

Be listed with a global ecosystem offering business blockchain products and services built by Hyperledger members. Search by project, vendor offering, industry and regions.

A Global Ecosystem

The Hyperledger Certified Service Provider ecosystem is a global network of technology partners, system integrators, consulting firms and solution vendors from a variety of industries working with Hyperledger technologies.

Learn More: https://www.hyperledger.org/use/hcsp
Hyperledger Certified Service Provider (HCSP)

Certified Service Providers are a pre-qualified tier of vetted service providers who have deep experience helping enterprises successfully adopt Hyperledger. HCSPs offer Hyperledger support, consulting, professional services and training for organizations embarking on their Hyperledger journey.

The main benefits of becoming a HCSP are:

- Placement in a new section of the Hyperledger website
- HCSP logo badges to display on your website, collateral etc.
- Access to HCSP email distribution list that includes Hyperledger staff and other HCSPs
- Access to leads from end users looking for support
Hyperledger Foundation and The Linux Foundation Logos

trademark@hyperledger.org with any questions. Please review our brand trademark policy here.
The Hyperledger Foundation Trademark Policy is available [here](#).

It is imperative that everyone in the Hyperledger community adhere to this policy when communicating about Hyperledger Foundation and the umbrella of underlying codebase projects.

**Please review the overview (saved here) and take the quiz** to test your retention of the brand guidelines. Take this quiz as many times as you like to get the brand guidelines locked down.

When Member companies are developing materials related to Hyperledger projects, please send to [trademark@hyperledger.org](mailto:trademark@hyperledger.org) prior to publishing and we will be happy to quickly review the copy to ensure adherence to the trademark policy.

**NOTE: ICOs and Hyperledger Foundation Membership:** New members may not join Hyperledger Foundation with the intention of promoting their own Initial Coin Offerings (ICOs), STOs or other coin offerings. This includes issuing press release or blogs on joining Hyperledger in combination with announcements. The PR team will need to review all Hyperledger-related marketing collateral by new members in order to ensure [brand guidelines](#) are followed.
